**Re: Power Optech LLC v. Andron Construction
No. 07-cv-8117 (HP) (KNF)**

Dear Judge Pitman and Judge Fox:

We represent plaintiff Power Optech, LLC in the above-referenced action and with the consent of Harold J. Gabriel, Esq., counsel for defendant Andron Construction, write to request an extension of the March 31, 2008 discovery end date and adjournment of the April 2, 2008 settlement conference set forth in the Court's Order of December 7, 2007. The parties believe good cause exists for the requested extension and adjournment because counsel have been working to resolve amicably issues regarding the sufficiency of each party's document production without the necessity of Court intervention. Thus, additional time is necessary in order to complete discovery. There have been no previous requests for the extension of the aforementioned dates.

Specifically, as to discovery, the parties request an additional six (6) weeks to complete document production and depositions. Should the Court grant the parties' request, the new end date for all discovery would be May 12, 2008.

As to the settlement conference, counsel for both parties believe that settlement is much more likely once the parties have fully completed discovery. As such, should the Court extend discovery to May 12, 2008, the parties would respectfully request that the settlement conference be adjourned to the week of May 19-23, 2008, on a day convenient for the Court.

As previously stated, counsel for defendant Andron has consented to the extension and adjournment contained herein.

Respectfully submitted,

William J. Votta

Nothing in this letter explains what, if anything, has changed since February 11, 2008, when the parties advised the Court they were on schedule to complete their pretrial discovery activities timely. Therefore, the time for the parties to complete discovery is enlarged to April 21, 2008.
